DETAILED ACTION

The Examiner acknowledges the applicant's Amendment filed Jan 19, 2005 in response to the Office action made on Oct 19, 2004.

Allowable Subject Matter

1. Claims 1-12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Neither prior art of record nor references teach a rotary feed-through device for supplying lubricant or air to a machine comprising two housing parts; a rotatable hollow shaft; two sealing surfaces pressed into continuous contact with each other; an axially movable sealing bushing coaxial with the hollow shaft, disposed in the second housing, and includes at least one radial opening; the second housing includes a first lateral supply channel communicated with the radial opening; a pressure piston disposed at one end of the sealing bushing to close the end and to increase the contact pressure between the sealing surfaces by the pressurized supply of lubricant or oil on the piston via a second supply channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
